

CRÉATION BAUMANN | OFFICE

FOR XXL CONFERENCES

Multi-storey office building Sparkassen-Informatik, Frankfurt on the Main, Germany

Architect
Architecture and general planning:
MOW Architects, Frankfurt
Interior decorator: Büro Wetter,
Frankfurt

Production year: 2005

Initial situation

A textile system ensuring sound absorption as well as offering various possibilities of use with regard to lighting was to be defined for the large glass façade of the multifunctional conference room.

Solution

Our products Dimmer and Shadow proved to be the perfect solution for dim out and solar glare protection, as well as the acoustic requirements of the room. Moreover, Umbria was used for the curtains in the conference room as well as to screen this room from view from the corridor.

Product

Dimmer, Shadow, Umbria
