

CRÉATION BAUMANN | CULTURE

Synagogue, Hannover, Germany

Architects:  
ahrens grabenhorst Architects BDA,  
Hannover

Initial situation:  
Conversion of a Hannover church into  
a synagogue.

Solution:  
The adhesive textile Gecko was in-  
stalled on the upper part of the walls  
of the room to serve as a light diffuser.  
The light thus allowed to pass through  
lends the room a mystic atmosphere.

Product:  
Gecko Crypta

«GECKO: THINK FORWARD» com-  
petition prize winner in the category  
„Functionality“.
