

CRÉATION BAUMANN | HOSPITALITY

NORTHERN AND MODERN

Condominium Kinuta / k/o design studio, Tokyo, Japan

Architects:
Kunihide Oshinomi, Tokyo, Japan

Starting point:
The entrance hall to the condominium building is located next to a park, with trees and areas of grass, in Tokyo. The focus of the room design was on creating a modern space in the northern style for the inhabitants and their guests.

Solution:
The choice of pendant light, curtain and sofa is perfectly tuned to the architecture of the space. The semi-transparent curtain provides visual privacy, while the design takes up the fascinating shadows cast by the trees in the park and bathes the space in pleasant, soft daylight.

Product:
Sinfonia CS Adagio
