

CRÉATION BAUMANN | OFFICE

COLOURFUL LUNCHTIMES

Zurich Cantonalbank, Sonnenbühl office building, Dübendorf, Switzerland

Architects:
Klaus Architekten Innenarchitekten AG,
Metzmenstetten, Switzerland

Starting point:
The staff restaurant at the Zurich Cantonalbank incorporates a neutral colour scheme. A warmer-coloured atmosphere is to be created to improve the sense of well-being.
Ceiling panels and a curtain system are also required to optimise the space acoustic.

Solution:
The plain design language was retained, and was even simplified still further. The focus of the colour concept was achieved by using the Création Baumann panel curtain system. Semi-transparent panel curtains support the new colour designs for the walls.
The floor-cover materials and individual decorative elements were selected to complement this structural element.
