SYMPHONY OF LIFE

Light-filled patient rooms with views of vegetation

Object

Bethesda Spital AG, Birth Clinic, Basel, Switzerland

Concept

Pfeiffer Innenarchitektur + Design, Füllinsdorf

Photos

Silvan Scanu, Scanu Communications, Basel

STARTING POINT

The state-of-the-art birth clinic has an outstanding infrastructure and stylish design. The rooms located in the basement need curtains to protect against prying eyes, which still allow plenty of light into the rooms.

SOLUTION

Sinfonia curtains were used in the patient rooms as well as the nursing room and staff rooms. Despite the curtains, the rooms are flooded with light and allow a wonderful view of the vegetation outside, even through the curtain.

USED PRODUCTS

SYMPHONY OF LIFE

SINFONIA CS VI ART.-NO. 0100301

Use: Transparent curtain fabric
Number of colorits: 3
Material: 100% Flameretardant polyester (Trevira CS)
