STARTING POINT

These luxurious fully furnished 1, 2 and 3 bedroom apartments in the Garrett Mansions development, offer contemporary living in central London, surrounded by beautiful, private landscaped gardens.

SOLUTION

Floor-to-ceiling windows allow lots of natural light to penetrate the apartments throughout, creating a light and airy sense of space where you can relax and entertain. Sinfonia CS VI was the sheer fabric of choice throughout the apartments to maximize the light and match the modern and contemporary feel of the interior.
