## SOFT COLOURS

Natural-looking curtain fabric

**Object**

Private residence, Kraainem, Belgium

**Concept**

AVdeco, Molenstede, Belgium

**STARTING POINT**

The couple who returned from Africa 13 years ago wanted design elements to provide a touch of african flair. They sought curtain fabrics matching the interior design that radiated natural warmth and complemented the atmosphere.

**SOLUTION**

The semi-transparent decoration fabric SHARI with its soft range of colours underlines the look of the African interior design. Its natural linen look and soft touch create the beauty of this fabric and bring a lot of warmth into the living room.

USED PRODUCTS
