INITIAL SITUATION

'Kanebo sensai select spa' is the first Kanebo spa housed in a 5-star hotel. The central values of the brand were to be reflected by the interior design.

SOLUTION

The room is partitioned and emerged into gentle light thanks to the use of panel curtains at varying levels. Visitors pass through a dark corridor in order to enter into the light spa. This puts them in the right mindset, i.e. leaving the world outside behind, layer after layer, until they can focus completely and solely on their bodies and minds. The waiting area in the center of the room is a 'cocoon', an oasis of calm.
